

Client Case Study

“The HomeBuyer
Angels”

You Choose It,
We Buy It, You
Own It!!!®

Sue & Rob had a solid income, but were unable to obtain a loan. After being approved for the program, they chose a great property in the south suburbs of Chicago. With the help of our savings match program and of one our community bank partners, they were able to secure their own low cost mortgage in exactly one year from the day they joined “The Homebuyer Angels” Rent to Own program! Here’s what our clients said shortly after closing on their new home purchase: “You’ve single-handedly made a dream of ours come true. The wonder of it still amazes us. We drove into our driveway last night and the smiles on our faces were pretty goofy! Thank you for believing in us and helping push us even during our most cynical times. With many thanks, Sue & Rob, (First time homebuyers made possible by Relationships Unlimited).”
